

# 2017 COMMUNITY BUILDING PARTNERSHIP

The NSW Government is pleased to announce that the Community Building Partnership program will continue in 2017. We are looking for infrastructure projects that focus on building a stronger, connected and healthy community. Projects need to promote local participation with positive social, environmental and recreational outcomes.

Are you a local council or an incorporated not-for-profit body such as a charity, sporting, social or environmental group?

Do you have a shovel-ready small-scale infrastructure project that meets a need in your community?

Do you need funding to get the project up and running?

## What do you need to know?

- Applications will open on **26 June 2017** and close on **9 August 2017**.
- Local councils and incorporated not-for-profit organisations are eligible to apply
- Project must:
  - be for building/refurbishing infrastructure; or purchasing capital equipment items with a minimum individual value of \$2,500
  - be completed by 31 March 2019.
- Applications are highly competitive with a total amount of \$300,000 available for each state electorate. As a guide, an average amount of \$20,000 is awarded to each successful project.
- Projects will be assessed against the program criteria by State Members of Parliament and Independent Review Panel members.
- Applicants will need to demonstrate how their project will promote local participation with positive social, environmental and recreational outcomes.

Visit [www.communitybuildingpartnership.nsw.gov.au](http://www.communitybuildingpartnership.nsw.gov.au)  
for information on how to apply

Interested organisations must read the Program guidance notes to ensure both their organisation and project are eligible before applying.
